

human rights prompts

farms

How many, and what type of accidents have there been on the farm in the last year?

Who is responsible for health and safety? What training have they had?

Do you make sure all workers have access to safe drinking water, hygienic toilets and hand washing facilities?

Do you provide accommodation for workers? If yes, can we get permission from one of the workers to see an example?

How are working hours recorded and monitored?

Do you pay your workers in cash?

Do you recruit workers using an informal or formal labour provider? How do you make sure they comply with the law?

Have any workers on the farm paid to get a job here?

How do you make sure workers know their rights of employment?

How do workers discuss any work issues they have with management?

How do you check all workers on the farm are legally old enough to work?

How do you make sure all your workers are treated with respect?

How do you work with the local community?
